# UGANDA NATIONAL EXAMINATIONS BOARD

## Uganda Certificate of Education

CHEMISTRY PRACTICAL INSTRUCTIONS

**Paper 545/3 Inst. Sch.**

October / November, 2019

**CONFIDENTIAL**

**Great care should be taken that the information given below does not reach the candidates either directly or indirectly.**

## INSTRUCTIONS FOR PREPARING APPARATUS

NB: The head teacher **must** ensure that the teacher responsible for preparing the apparatus hands in his/her trial results properly sealed in a separate envelope and **firmly** fastened (attached) to the candidates' scripts' envelope(s).

1. The description of the reagents and chemicals specified below does **not** necessarily correspond with the description in the question paper. Candidates must **not** be informed of the difference.

2. Candidates are **not** allowed to use reference books (i.e. text books, booklets on qualitative analysis etc.) during examination.

3. In addition to the fittings and substances ordinarily contained in a chemistry laboratory, each candidate will require:

   1 burette (50 $cm^3$).

   1 pipette 25.0 $cm^3$ or (20.0 $cm^3$).

   2 conical flasks (each 250 ml).

   1 measuring cylinder (50 ml or 100 ml).

   1 glass or plastic beaker (250 ml).

   6 test tubes.

   1 filter paper.

   Methyl orange indicator.

   Phenolphthalein indicator

   100 $cm^3$ of **BA1**.

   100 $cm^3$ of **BA2**.

   2.5 g of **Q**.

**Easy access to:**

- Heat source.
- Common reagents for identifying cations, anions and gases.
- Distilled water

**BA1,** is prepared by dissolving 15.7 g of **P** in distilled water to make one litre of solution.

**BA2,** is prepared by diluting 8.6 $cm^3$ of concentrated hydrochloric acid (36 %) with distilled water to make one litre of solution.

Substances **P** and **Q** will be provided by **UNEB**.

**This form MUST be completed and returned in a separate envelope firmly attached to the scripts' envelope(s).**

## UGANDA CERTIFICATE OF EDUCATION

**October /November 2019**

## REPORT ON CHEMISTRY PRACTICAL 545/3

**Section 1:**

Any information which the teacher responsible for preparing the apparatus thinks may be useful to the examiners should be given on this sheet. The teacher must try all the questions and submit his / her results in the space provided below to guide the examiners about the apparatus and concentration of the chemicals used.

NB: Teachers who **DO NOT** submit their results will be held responsible for the candidates' performance.

**Results:**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

**Section II:**

The invigilator, in consultation with the teacher responsible for preparing the apparatus, should give details below of any difficulties experienced by particular candidates, giving their names and personal numbers. These should include reference to;

(a) difficulties due to faulty apparatus,

.....

.....

(b) accidents to apparatus or materials,

.....

.....

(c) physical handicaps of candidates,

.....

.....

(d) any other information.

.....

.....

Other cases of hardships e.g. illness, disability, etc. should be reported directly to UNEB in the normal way.

**A plan of work benches, giving details by personal numbers of the places occupied by the candidates for each experiment for each session, must be enclosed with the scripts.**

**DO NOT STAMP ANYWHERE ON THIS DOCUMENT**

Name of invigilator..... Signature.....

Signature of teacher responsible for preparing apparatus.....

Signature of Head teacher .....

Random Number.....
